Substitute Handbook

Revised July 2022

Destination School District

Big Lake Schools has reinvented itself over the past decade to become a destination school district. We have families moving into the community because they see the value our district brings to their student's future.

Highly Regarded Staff

Our teachers and staff continue to be the hallmark of our district and always receive high ratings from our community.

Q-Comp District

Big Lake Schools implemented Q-Comp in the 2011-2012 school year and continues to utilize it today! Q-Comp rewards teachers for performance and professional development rather than seniority.

Professional Learning Communities

PLCs are utilized to provide a specific time and structure for job-embedded professional development where teachers work collaboratively on solving instructional challenges.

WELCOME TO BIG LAKE SCHOOLS!

Welcome to substitute teaching at Big Lake Schools. You play an extremely important role in providing our students with an excellent educational experience!

As a licensed substitute teacher in our district we hope you find your experience to be both challenging and rewarding. Just as we are committed to providing a quality education for our students, we are committed to providing you with a positive and engaging work environment.

This handbook is intended to orient you to the role and the responsibilities of a substitute teacher in our district, and to familiarize you with the relevant school district policies and procedures.

If in the course of your working with us you require additional information or resources, please let us know so that we may provide you with the resources you need to do the job of a substitute teacher. Again, welcome to our district!

Sincerely,

Sue Schmidt
Human Resources Manager

EMPLOYMENT & ASSIGNMENT PROCEDURES

LICENSE REQUIREMENTS

The State of Minnesota requires all teachers to hold a valid teaching license. We must have a copy of that license on file in our Human Resources Office.

Short-Call Substitute Teacher: a short-call substitute teacher is one who teaches on a day-to-day basis not to exceed 15 consecutive school days replacing the same teacher. A short-call substitute teacher shall hold a Minnesota licensure valid for full-time employment or a Minnesota short-call substitute license. These licenses are valid for functioning as a short-call teacher at all grade levels and in all fields.

Long-Call Substitute Teacher: A long-call substitute teacher is one who replaces the same teacher for 16 or more consecutive school days. A long-call substitute teacher shall hold a Minnesota license valid for the assignment. A substitute who completes thirty (30) days of continuous teaching in the same assignment will be issued a long-term substitute contract at the BA+2 step of the Teacher Master Agreement. Long-term substitutes are eligible for contributions to group health insurance benefits per the Teacher Master Agreement.

PAY

Big Lake pays \$175 per day of substitute teaching. This is one of the highest in the area.

Subs get paid a full day rate if working 4+ periods at the middle school or high school or 4+ hours at the elementary schools. Subs working less than 4 hours/periods will receive the half-day rate.

In the event that a substitute teacher reports for work and the need for his/her service no longer exists, attempts will be made to find an alternative teaching assignment. If no alternative is found the individual will receive half-day pay.

RETIREMENT DEDUCTIONS

Each substitute teacher must be a member of the Teachers' Retirement Association. Those who are not a member will have their information submitted directly from our Payroll Department. You will receive a welcome letter from TRA once your information has been processed. The employee contribution is 7.75% and district contribution is 8.75% (as of July 1, 2023).

ASSIGNMENT PROCEDURES - FRONTLINE

Big Lake Schools uses a system called Frontline (formerly AESOP), which is an automated substitute placement and absence management system. Staff post days they will be absent on the system, and subs can view openings and ask to fill the opening. Depending on the qualifications assigned, Frontline may also contact subs with openings.

TIP: Substitutes who are proactive in searching for assignments and those who are placed on teacher preference lists will generally get assignments more often than those subs simply waiting to be called by Frontline or the district.

Once your name and information is entered in Frontline, you will be placed on the authorized list that teachers and administrators select from to fill absences. If the teacher or school does not make a specific request, Frontline will notify qualified substitutes from the authorized list. If the assignment is last minute, Frontline will begin to call substitutes in a random order to give everyone on the list equal opportunities.

TIP: Frontline knows which substitutes accept assignments and which frequently turn down assignments. Those that accept assignments are automatically moved to the top of the call list.

By default, Frontline contacts substitutes between 5-10 a.m. and 5-10 p.m. on the day before or day of an assignment.

If you do not wish to be called during those hours or want to change the contact hours, you must login to your Frontline account and change the "Tell Frontline When to Call" feature. Doing this helps Frontline know to move on to the next available substitute and keeps from penalizing you for not answering or accepting an assignment. This is a very helpful tool for you and for us. Please help us by being sure to set this feature.

If substitutes are unavailable for work for a particular day or period of time, they are asked to login to Frontline and record Non-Work Days. This will prevent a teacher, administrator or Frontline from trying to contact you when you are not available.

A substitute who becomes ill before an assignment should immediately call the secretary at the building he/she was going to sub at. Please be sure to provide your name, teacher you were to sub for, grade level/assignment.

EXPECTATIONS & RESPONSIBILITIES

OVERALL JOB EXPECTATIONS

A substitute teacher should be able to assume all of the duties and responsibilities of the regular teacher in a given day. Short and long-term substitutes may also be required to participate in staff meetings, teacher committees, and parent conferences.

WORKING HOURS

Duty hours for substitute teachers are the same as working hours for regular staff of the school in which you are substituting. Please report to the assigned building at least thirty (30) minutes before the start of the student day.

ARRIVAL & DEPARTURE

Always bring your Frontline confirmation number and check in at the school office when you arrive. The building secretary will direct you to your assignment for the day, provide the lesson plans and provisions left by the teachers, etc. If you will be late, sick or are otherwise unable to work, please call the office of the building you are assigned to and inform the building secretary.

You will be expected to wear a visitor identification badge in each of the buildings.

Be sure to check whether or not your day includes any special supervision tasks such as lunchroom, hall supervision, etc. The office will give you that information.

At the conclusion of your day, you should leave a message for the teacher regarding what you covered, significant incidents, and directions left with students. Please leave the room in the same condition and order as it was when you arrived. Be sure to follow building procedures regarding locking of doors.

EMERGENCY CLOSINGS

When conditions prevail at a school or the entire district in which the superintendent considers to be hazardous, he may cancel school for the day, call a delayed start to the school day, or end a school day early. Information will be posted on our website, Facebook page, and local media stations. Subs should not report to work if school is canceled for the day.

WORKER'S COMPENSATION

If injured on the job, you must report the accident to your supervisor and complete the First Report of Injury form. The report should be given to the building principal or supervisor within 24 hours of the accident.

PERSONAL APPEARANCE

You are expected to dress in an appropriate, neat, and clean manner that is consistent with the high standards we set for ourselves as a district. Attire should commensurate with the assigned position and should reflect the role in providing a high quality education to the students of Big Lake Schools. Attire that conveys obscene messages or messages that are designed to or actually do incite hostilities in other staff, students, or visitors is prohibited while at work.

We ask that all employees, including subs, remember that some students and/or employees could be allergic or sensitive to the chemicals or smells of perfumes, colognes and lotions. Please wear these substances in moderation or avoid wearing them if possible.

PROFESSIONAL CODE OF CONDUCT

- A teacher shall provide professional education services in a nondiscriminatory manner.
- A teacher shall make reasonable effort to protect the student from conditions harmful to health and safety.
- In accordance with state and federal laws, a teacher shall disclose confidential information about individuals only when a compelling professional purpose is served or when required by law.
- A teacher shall take reasonable disciplinary action in exercising the authority to provide an atmosphere conducive to learning.
- A teacher shall not use professional relationships with students, parents, and colleagues to private advantage.
- A teacher shall delegate authority for teaching responsibilities only to licensed personnel.
- A teacher shall not deliberately suppress or distort subject matter.
- A teacher shall not knowingly falsify or misrepresent records or facts relating to that teacher's own qualifications or to other teachers' qualifications.
- A teacher shall not knowingly make false or malicious statements about students or colleagues.
- A teacher shall accept a contract for a teaching position that requires licensing only if properly or provisionally licensed for that position.

IN THE CLASSROOM

APPROPRIATE BEHAVIOR

It is not appropriate to use language that is demeaning or disrespectful as a means of correcting behavior, or in response to student behavior, or as humor. Further, it is never appropriate to use profanity at school. Substitute teachers are expected to not have any physical contact with students unless required for student safety reasons.

CLASSROOM MANAGEMENT

Classroom management includes all of the things teachers do to secure and maintain student cooperation and involvement in classroom activities. Recent research indicates that successful management involves not merely responding effectively when problems occur but preventing problems from occurring in the first place. In general, effective classroom managers are better at giving clear directions and information, frequently stating desired attitudes and behaviors, providing activities and assignments with higher levels of student success, presenting clear expectations for work standards, providing consistent responses to appropriate and inappropriate behavior and frequently using classroom rules and procedures to deal with behavior problems.

An effective substitute teacher quickly establishes expectations for student performance, arranges activities for high-at-task student activity, continually monitors student performance and establishes positive rapport with students.

Safety and order must be paramount considerations, and advice or assistance from the principal should be sought if concerns arise. Here are some suggestions for effective classroom management:

1. Discipline is based on mutual understanding through honest, open communication.
2. Problems do not usually develop if the content of instruction is worthwhile and is presented in an interesting manner.
3. The initial impact of the substitute teacher is a key factor in successful classroom management. Self-confidence, self-knowledge, resilience, initiative, and resourcefulness are some necessary prerequisites.
4. Teach what the teacher asked you to cover, and keep the students busy with that subject matter for the entire period scheduled. If you do not understand how the lesson should proceed from the teacher's notes, feel free to ask another teacher of the same grade or course for further information. The important thing is to convey to students that the work you are asking them to do is as important as the work their regular teacher would be asking them to do at that time.
5. As a substitute you can help set the stage for a successful experience by being prompt, neat, patient,

honest, flexible, enthusiastic, and accepting.

6. If there is time before the class arrives, review the day's schedule and become familiar with related activities. When students arrive, introduce yourself and write your name on the board. Try to call students by their names; this tends to prevent problems. To help you remember the students' names, use a seating chart or name tags.

7. If discipline problems arise in which you are unable to manage, the principal should be contacted immediately for assistance.

8. In any situation, no matter how well managed, emergencies will arise. Accidents, illnesses, the administering of medication, and other emergencies must be referred to the principal.

9. Good communication between you and the regular teacher is essential to the students' continuity of learning. You should provide the regular teacher with a summary of each day's accomplishments. You can do this by writing and leaving a summary.

LESSON PLANS

Substitute teachers are expected to follow lesson plans left by the regular classroom teacher. Occasionally, a lesson plan is unavailable due to the nature of the absence. If lesson plans are not readily available:

- If possible, talk to other teachers of the same grade level or content area for possible resources.
- Try to maintain a continuity of lessons by referring back to the last completed day in the day book, if available, and then do a reasonable follow-up to the previous lesson.
- Accumulate and use your own prepared materials (a "survival kit"), including materials such as math worksheets or problems, creative writing exercises, or educational games.
- Younger pupils often are upset by a departure from regular routines; let them know that some things will be done differently that day. Ask for their cooperation. They may also be helpful in determining what was done the previous day and what might have been planned next.

CONTACT WITH PARENTS

Substitute teachers will usually not have direct interaction with parents/guardians. If a parent/guardian calls or visits the school, welcome his/her contact and refer him/her to the principal. Inform the principal as soon as possible that the parent called or visited the school. The principal will provide guidance in interaction with parents/guardians.
