To help the government fight the funding of terrorism and money laundering activities, Further is required to obtain basic identifying information from you and verify that information when you open a new HSA.

This means Further staff will ask you for some basic information such as your name, address, date of birth, and other information designed to help us identify you. Further staff will also ask to see documents identifying you such as a social security card, driver's license, passport, and/or some other government-issued document.

In some cases, identification will be requested for those individuals conducting business with Further prior to the effective date of the member identification requirements. This is because original documentation was not obtained with the opening of the HSA or Further is unable to form a reasonable belief that it knows the true identity of the existing HSA holder.

In all cases, protection of our member's identity and confidentiality is Further's pledge to you. Further appreciates your patience and understanding as we all do our part in complying with the identification procedures required by the federal USA Patriot Act of 2001.
